2020: Vision

- An open and competitive economy enabled by state of the art technology and an attractive financial and physical infrastructure, in which a core government has the role of conductor and refrains from playing along with the other musicians of the orchestra.
- This economy should also be diverse, consisting of strong industrial sectors as well as a solid service sector, especially the hospitality industry.
- This economy is the foundation for the happiness of the people, who will be living in a continuous learning community and preventive healthcare system.

Vision 2005

- **“In 2005 every household must have access to the internet. And all citizens should have an e-mail account.”**
- **21 % (Senco 2001)**
